

To our valued Patients,

Considering Governor Greg Abbot's recent declaration, the American Dental Association and nationwide recommendations, Bourland Soben & Partners, PLLC. has opened its doors to all dental procedures.

For over 20 years, we have upheld the rules and regulations from our governing bodies to provide proper PPE to our employees and to uphold a clean and sterile environment for our patients. In response to the threat of the coronavirus disease, COVID-19, we have put in place policies and procedures to expand on our diligent, daily work environment.

- Our staff is fully equipped with the proper PPE to give our patients safest care and service possible.
- Patients will fill out a pre-screening questionnaire and have their temperature taken at the door.
- We ask for only one parent/guardian/spouse of the patient to enter the clinical area per family.
- We are utilizing our office space accordingly to meet social distancing.

Our top priority is to protect the health and well-being of our patients, visitors, staff, and doctors. We believe this is the best course of action to achieve that goal.

We appreciate your understanding and cooperation in this matter and look forward to seeing our patients!

Blessings,

Bart Bourland, D.D.S & Wes Soben, D.D.S

“Trust in the Lord with all your heart, lean not on your own understanding.”
Proverbs 3:5
